Students of the Department of Applied Chemistry participated in a **15-day internship program in July 2023** at the **M.P. Council of Science & Technology (MPCST), Bhopal**. During the internship, students gained exposure to scientific research activities, laboratory techniques, and modern analytical methods. The program provided valuable practical experience and helped students understand the application of scientific knowledge in research and technological development. The internship also enhanced their research skills and professional learning experience.

Alumni Interaction Program

The Department organized an **Alumni Interaction Program** to strengthen the bond between alumni and current students. **Esteemed alumnus Mr. Ankur Jain, Petrochemical Engineering (Batch 2015)** shared his valuable professional experiences, career journey, and insights about opportunities in industry and higher education. His guidance and words of encouragement provided students with important direction regarding career planning, skill development, and future prospects in the scientific field.

National Mathematics Day – 22 December 2023

The Department celebrated **National Mathematics Day on 22 December 2023** to honor the birth anniversary of the great mathematician **Sir Srinivasa Ramanujan**. The program included lectures, quizzes, and interactive discussions highlighting the importance of mathematics in science and technology. Students actively participated in the activities and gained a deeper understanding of mathematical concepts and their applications in scientific research.
